

CY series | Crane fork, 1500-3000 kg

This crane fork has a very handy and robust construction which can be operated easily without slings or chains. CY-series, with its self-balancing head, let the crane operator stay in the cabin, no need to step out from lorry/crane to make adjustments. To achieve best balance performance goods should weigh 20% of total crane capacity. Fork width is adjustable and so is the crane tower in height.

EX series | Fork extensions

The simple but effective way of lengthening your forks to be able to handle longer loads safely. Heavy duty steel construction, fits on forks which are up to 50 mm in thickness. The extensions has an U-beam shape.
