

#### DG10 | Drum grab, 470 kg

The drum grab is made for forklift trucks. It lifts 210 litre steel drums easily and quickly, without any hydraulic or electrical connections. The drum grab slips onto forks and is locked with screws. You lift, transport and deposit drums without leaving the driver position. Capacity 470kg weight 55 kg

DG10

#### WA30A | Hydraulic-transporter, 300 kg

Ergonomically lifts, transports, and places poly/steel/fibre drums on/off pallets. A spring-loaded clamp securely holds any rimmed drum. Suitable lifting height for ledge and car. Compact design and very easy to handle.

DL350

#### DL350 | Mechanical drum lifter, 350 kg

For lifting 210 litres steel drum. Easily moves and handles open or closed head, loaded steel drums. Allows quick, gentle loading into over packs and keeps drums upright during lift, minimise spills and injuries. Works easily with overhead hoist or hook from forklift. Capacity 350kg weight 9.5 kg.
